Your Library: Way Beyond Books

Community of Readers

Monday, April 25 from 3-4 p.m.
1st floor program space, DT Library

Join us for a discussion of *Winter's Bone*, which was made into an Academy Award-nominated film starring Louisville native Jennifer Lawrence. This gritty, realistic tale of meth and its impact on the community will give us much to discuss. Please encourage your students to participate (especially those in our human services program ... I think they'll find it particularly relevant).

Read the book by Daniel Woodrell (check out a copy or borrow a Kindle), watch the movie (available in the Browsing Video collection until April 15, or join us for a screening in the library the week of April 18). See you on April 25!
